

Services for Commodity Trading Advisors, Commodity Pool Operators, and Investors

When it comes to alternative investments, IASG is the clear alternative. Our advisory services and investment tools help you harness the power of alternatives in your portfolio. As an independent introducing broker with over 20 years of experience in the managed futures industry, you can depend on us to be a trustworthy partner.

ONLINE ADVISOR PORTAL

Monitor daily volatility, Sharpe ratio, margin usage, and market diversification—among other advanced analytics. Review trade allocations, gain/loss, P/L, and open positions.

CAPITAL INTRODUCTION

Since 1992 has been one of the most active allocators in the CTA industry having allocated to literally hundreds of CTAs over that tenure. Our team of seasoned professionals has the ability to provide you with valuable introductions.
