

For over 30 years, NIBA has been a voice for registered derivatives professionals. Organized in 1991 as the National Introducing Brokers Association to serve a community primarily made-up of Introducing Brokers (IBs) and their clearing FCMs, NIBA has welcomed Commodity Trading Advisors (CTAs), Commodity Pool Operators (CPOs) and other industry participants to the Association since 1994.

The purpose of the NIBA is to provide education which helps our members:

- Serve their customers better
- Stay in compliance
- Have a say in their own regulation

Over the past three decades we've forged relationships with FCMs, regulatory agencies and industry service providers which increased our members' knowledge of new products, new services and new regulation through continuing education – the type of the continuing education derivatives professionals need to grow their businesses and increase their revenues.

Joining the NIBA is easy. IBs, CTAs and CPOs enjoy a free membership including a listing on the NIBA online directory, attendance at all events and our twice-monthly newsletter. Contact Brad Janitz, bjanitz@mindlandira.com to claim your membership. FCMs and exchanges, contact Mike Burke for benefits and pricing. Service Providers, contact John Roe, jroe@btrtrading.com.

NIBA is governed by volunteers who are either elected by the membership or appointed by the Board of Directors. Volunteers also plan and implement our in-person conferences and serve on various NIBA committees. To learn more or to volunteer, visit www.theniba.com or contact NIBA Founder and Chairman of the Board, Melinda Schramm, melinda@futuresrep.com or any member of the 2023 Board of Directors.
